Southern Comfort

Cabin Fever

One hundred years ago, The Kootenai near Bigfork, Mont., was a private retreat for the rich and famous. Today it's a second-home community offering 32 new cabin homes, including the 4,688-square-foot Meadowlark. Built by River Run Associates of Bigfork, this \$3.4 million spec has ample patios and balconies for enjoying the lake, the woods and the vast Montana sky.
